### Second Pair

We recognize that many members prefer to have a second pair of frames and lenses as a convenience. The first pair of frames and corrective lenses are covered by the plan, however, we have negotiated with Preferred Providers and allow them to extend a 20% discount from their Reasonable and Customary fees for a second pair of frames and corrective lenses (including, but not limited to, prescription sunglasses, VDT prescription in lieu of bifocals, safety glasses, occupational or recreational glasses) at the same time as the first pair of frames and corrective lenses. Of the two pairs of frames and corrective lenses, the more expensive pair will be defined as the "first pair" while the least expensive pair will be considered the "second pair".
